Movie Magic Scheduling
Version 6.2.413

Below is a list of all our new Movie Magic Scheduling releases to date and the primary features they include. We extend a special thank you to our many users who have provided suggestions and made requests.

What's New?

Enhancements and Bug Fixes

- Updates to sorting by finish and start date fo fix bug that was corrupting schedule file (.msd).

- Update to Element Manager and empty values to resolve bug that was corrupting Library file (.mbl) and causing issues when opening the Element Manager.
